## **Books 33 through 42**

Compiled by

**Julie Broussard Suarez**

I have compiled a second index of books 33 through 42 (inclusive of an unnumbered book that was found) of the Bradford-O'Keefe Funeral Home burial records. Bradford-O'Keefe Funeral Home served families along the coastal area in Mississippi. The end result is an index containing over 5,000 entries. Included in this index are: 1) first and last name of deceased; 2) date of birth and date of death; 3) fathers and mothers name; and 4) book number and page where the information can be found. All information that was available in the record is included. You will find several different spellings of the same name, I left them like that so you could see all the possible ways to hunt your ancestor. Some of the records may be misspelled because I could not read the writing on the record or if the record itself was misspelled.

These books of records are available at the Biloxi Library in the Geneological Section. I would like to thank them for the use of the records. The records are also available at the funeral home.

Note: The records with the zeros in the place of the book and page numbers are from the book that is available only at the funeral home - this book does not have a number.

Endorsed by Bradford-O'Keefe Funeral Homes.
